# Student Health and Safety

## Injuries

Minor injuries, such as scratches, scrapes, insect bites, etc., will be treated by the camp staff. First aid steps for abrasions and scratches is to wash the area with soap and water, then cover it with a Band-Aid.

Any serious injury, including head injury, will be reported to the parents immediately so that appropriate action may be taken. If a major injury occurs, the staff will immediately call for professional help (911). Parents will be notified immediately. If an emergency is such that immediate transportation to a hospital is necessary, a staff member will accompany the child.

## Illnesses

Check your child's health before bringing them to camp. If your child has any symptoms of illness, keep them home. ## Medications

If a child needs to take oral medications, including over-the-counter drugs, the following procedure must be followed:

# Discipline

## Philosophy

A primary task of St. Mark's Camp is to create and provide a stimulating, safe, and nurturing environment for all campers. Throughout the activities each day, camp staff will constantly attempt to reinforce positive behavior. There will be age-appropriate consequences for campers who choose to disregard the summer camp's expectations and rules. The goal of the disciplinary procedures is to help children have courage to accept responsibility, to accept forgiveness, and to restore damaged relationships. Discipline procedures and penalties depend on the seriousness of the behavior to three categories:

- Misbehavior
- Misconduct
- Serious Infraction

## Discipline Options

The Director and Assistant Director reserves the right to bypass or repeat any of these steps as the situation warrants. Each manner or disciplinary action will be taken on a case-by-case basis.

## Verbal Warning

The camper will be given a verbal warning. The camp staff will discuss with them what she/he did wrong and what can be done to improve the behavior. Redirection techniques will be used.

## Written Warning Sent Home To Parent

Camper will sit out of a particular activity for about 10 minutes (this is just a base number; the staff will make their judgment depending on the severity of the offense). Staff will report to the parent immediately. Any questions can be directed to the Director or Assistant Director of Summer Camps. If the behavior continues, the parent, camp staff, and the Director of St. Mark's Summer Camps will hold a conference.

## Suspension (unpaid)

## Termination

After all options have been exhausted, termination from camp may be considered.

*Parents,*

*it is very important that you please sit down with your child to read and explain the camp expectations, rules, and consequences, so that your child understands what is expected of them as a camper at St. Mark's summer camp.*

*The staff understands that this is a summer camp and not a regular school time; however, there are still expectations, rules, and consequences that need to be followed to ensure the safety of each camper and for the enjoyment of camp. Many areas of the St. Mark's campus are used during summer camp; they needed to respect and take care of.*

*After discussing the camp expectations, rules, and consequences with your child, please sign and date the sheet labeled "Understanding Camp Expectations, Rules, and Consequences". Also, please have your child sign the sheet, too. That way the staff knows that everyone understands what is expected during summer camp.*

*Thank you for your help to make camp a successful experience for your child and the other campers.*

## **Understanding Camp Expectations, Rules, and Consequences**

*Return to camp staff on the first day of camp.*
